To The Hon. Supt. Philadelphia Mint,

Dear Sir,

Will you kindly give me history of the eight silver medals commemorating important victories of Washington in the revolution. These medals are neatly put up in a box made especially for them. I have the impression that they were struck at the Philadelphia mint, but for what occasion, or by whose authority, I am not informed. Having the medals, I am curious to learn of their history, which I am informed you will probably be able to furnish.

Very Respectfully Yours,

*F. M. Childs*
